VISIT THE SHOP OR ORDER DIRECT
...by 'phone or by mail. See ordering, inside back cover.

BRITTANY COURT, HIGH STREET SOUTH,
DUNSTABLE, BEDFORDSHIRE LU6 3HR

OPENING TIMES:
Mon.-Fri. 9.00 a.m. - 6.00 p.m.
Saturday 9.00 a.m. - 5.30 p.m.

We are all very pleased to present to you what we consider to be the best catalogue Carnoisseur has ever produced. Our product range now exceeds 3,500 items with many new products for 1990. We have several products of exceptional quality and value and you will notice these marked as "Highly recommended". We hope you find an interesting selection for you and your car.

WAYS TO PAY

● THE CATALOGUE PRICES

Please note that our prices include VAT @ 15%. All prices in this catalogue are correct at the time of going to press and our priority is to negotiate with our suppliers to keep prices constant for as long as possible, however, price adjustments may inevitably have to be made and therefore we reserve the right to alter prices without prior notice.

● CARNOISSEUR SERVICES

Customer Advisory Service: Enquiries and product information can be answered by telephone on **LUTON (0582) 471700**. Also a 24 hour answering service will accept your message any hour of the day or night and your enquiry will receive our prompt attention. **Export enquiries are welcome. Please write for details and quotation.**

● BUYING BY MAIL ORDER

Everything you need to know about buying by mail order can be found on the special Order Form section at the back of this catalogue.

● BUYING BY TELEPHONE

Credit card holders can telephone their orders direct by phoning **LUTON (0582) 471700** (24 hour answering service).

● BUYING BY FAX

Credit card holders can simply complete the order form at the rear of the catalogue and fax through the details on **LUTON (0582) 608771** (24 hours).

● THE WAYS TO PAY

1. Cheques (please do not send cash through the post).
2. Postal Orders.
3. Credit Cards. We accept the following credit cards: Visa, Access, American Express and Diners Club.
4. Countdown Card holders welcome.

● TRADE DESCRIPTIONS

Every care has been taken to ensure description and specifications are correct at time of going to press. We must, however, reserve the right to alter prices and specification without notice as circumstances dictate. Although the colour printing in this catalogue is a good representation, slight variations must be expected. All products are offered subject to availability.

YOKOHAMA

1

AVS

Yokohama invites you to experience a world where sport driving has been redefined, the world of Yokohama's Advanced Vehicle System – AVS.

AVS was born between the circuit and the street, in a world where speeds beyond 300 kph (186 mph) are 'ordinary'.

CARFLOW

1 LOCKING WHEEL NUTS AND BOLTS TRILOCKS

Carflow Trilocks have been carefully designed to provide security for your valuable wheels and tyres, whilst being safe and practical to use.

- Suitable for alloy and steel wheels.
- Fitted in minutes — just replace one nut/bolt per wheel.
- Approved and used by major vehicle manufacturers.
- Lightweight design — no need to re-balance your wheels.
- Corrosion free.
- Over 250 different key combinations.
- Wide range available for virtually all cars.

Trilock Nuts (set of 4) **CF2001** **£16.95**

Trilock Bolts (set of 4) **CF2002** **£16.95**

Please specify car make, model, year and whether for alloy or steel wheels when ordering.

2 WHEEL CLEAN DISCS

The only answer to keep brake dust off your wheels. They can actually prolong the life of alloy road wheels.

- Easy to fit.
- Will not cause overheating or affect brake performance.
- Suitable for most makes of alloy and steel wheels.
- Approved to German T.U.V. standards for BMW, Ford, V.W., Mercedes etc.

Wheel Clean Discs (pair) **CF2005** **£19.95**

Please specify car make, model, year and wheel make and size when ordering.

3 BILSTEIN SHOCK ABSORBERS

Fit Bilstein Gas Pressure absorbers and driving becomes a totally new experience. Why?

Because Bilsteins produce a damping accuracy that gives a guarantee of outstanding road-holding, even under the most arduous conditions.

Bilsteins are used by most car manufacturers' official race and rally teams which proves durability.

Because 30% of manufacturing costs are spent on quality control, you're ensured of a longer lasting product. Little wonder that Bilsteins are specified for original equipment on most of the top models from Porsche, BMW, Mercedes, Opel, Ford.

EIBACH

4 EIBACH SPRINGS

Eibach have built an enviable reputation for supplying very high quality springs to many of the world's leading motorsport teams.

We offer Eibach 'Pro Kits' — progressive rate lowered springs for road use and Eibach Anti Roll Bar Kits. See table for applications and prices.

KONI ADJUSTABLE DAMPERS

Koni quality is already a legend which is backed up by a two year unlimited mileage warranty. This is an indication of the research, materials and expertise that goes into their production process. Not only are they the best performance dampers in the world, they also have the largest range. If your car is not listed please call for application and prices.

KONI

GRAYSTON

6 GRAYSTON COIL SPRING CLAMPS

A metal clamp designed to fit between the coil spring to stop compression to increase length of coil, or can be used in the opposite way to reduce the length of coil to lower vehicle.

Kit comprises 2 pairs of clamps to lower 2 springs.

(kit)
GS9001 OUR PRICE **£13.50**

7 GRAYSTON COIL SPRING ASSISTOR AND RAISER

A rubber ring designed to fit in between the coils of the springs to stop compression, thus reducing the amount of rear end dip when fitted. State car model when ordering.

(pair)

HELLA REAR SPOILER AND DECORATIVE PANELS

Both these products are made to the highest original equipment standards by one of Europe's leading automotive components manufacturers. They are easy to fit, and in most cases require no drilling. Complete with full instructions and as seen rear spoilers can be colour keyed to the vehicle if required. Excellent value for money.

STYLING KITS

- These attractive and functional Styling Kits are designed for the discerning motorist who wishes his car to 'Stand out from the crowd'.
- All parts are manufactured from high impact resistant ABS plastic with the exception of the Rear Spoilers which are in Semi-Rigid Polyurethane.
- The complete kit can be sprayed to colour-match your car, or left in contrasting black if required.
- Kits come complete with comprehensive fitting instructions, and are easily fitted.

BBS AERODYNAMICS

BBS aerodynamic parts allow owners to increase their vehicle's performance – at the same time making a statement of individuality and style.

BBS aerodynamic styling is classically born of the laws of the air flow, yet beautifully matched to each vehicle's distinctive look.

Each aerodynamic design is wind tunnel tested to optimise efficiency.

All BBS components are constructed from reaction injection moulded polyurethane which retains elasticity even under extreme temperatures. Slight impacts are effortlessly absorbed without deforming the original shape. All BBS aerodynamic parts are chemically pre-treated, tempered and primed with a neutral coloured elastic primer to guarantee optimal paint adhesion.

With BBS you're out on your own...

FOUR HEADLAMP GRILLES

FITS PERFECTLY – EASILY AND QUICKLY MOUNTED

All Taifun four-headlamp grilles come complete with lamps, cable set and, where necessary, with relay and bulbs. Detailed illustrated fixing instructions are provided.

HEADLAMP LEVELLING

The easy-to-use 3-position headlamp leveller keeps the beam steady even when the car is heavily loaded. This stops oncoming drivers being dazzled.

SUPERB DIPPED AND MAIN-BEAM LIGHT FOR YOUR SAFETY

Taifun four-headlamp grilles come with the latest lighting technology for better vision, on both main and dipped beam.

YOU DECIDE THE COLOUR

The high-quality, black plastic grilles can be painted to match your car. Detailed painting instructions are provided.

KAMEI BODYSTYLING

Kamei Spoilers are manufactured in Germany from DUROKAM, a high impact lightweight co-polymer material, specially developed by KAMEI.

The advantages are:

- Increased impact resistance.
- Dimensional stability.
- Exact fitting.
- Easy to paint.

The impact resistance and dimensional stability have been clearly demonstrated in extensive tests.

the Carlini Collection

STYLING BY CARLINI

The Italian influence in design is ever growing, and sophisticated styling images, many originating from Rome and Florence, are daily becoming more visible.

The "Carlo Carlini" styling range, a very recent name in international designer circles, shows how your car can take on a fresh and more lively personality standing out from among the many humdrum, production vehicles in standard makers colours.

Welcome to the world of "Carlo Carlini".

1

1

1 NEW "CARLINI BACKFLASH 90's STYLE"

- New sophisticated signature style.

1 2 3 LIGHTGUARDS BY SMOOTHY – ADDED SECURITY AND STYLE

Smoothy Lightguards are moulded acrylic covers that not only protect your headlamps from damage – and the expense and inconvenience that follows – but actually improve the appearance of your car.

FOR THE COST-CONSCIOUS MOTORIST

Not only is the cost of replacing broken headlamps high but there are fitting charges and the inconvenience of being off the road too.

- Specially designed clips for lens security and easy removal for cleaning.
- High-strength acrylic foam self-adhesive pads for trouble-free fixing.
- Lenses contoured to suit individual models and manufactured from impact-modified high-grade acrylic supplied by Europe's leading manufacturer.
- Fixing clip ultrasonically welded to lens.

4 HI-LINE NUMBER PLATES

Simply the best quality number plates available. Finished in smooth perspex and available with your own name or message on the bottom of the plate for no extra charge (16 letters maximum).

Please state the registration number and message clearly when ordering. Complete with self-adhesive fixing pads.

HL9001

KAMEI

THE UNIVERSAL SPACE-MAKER

Having a 450 litre capacity, the KAMEI TRAVELLER-BOX and its smaller sister, the HOBBY-BOX having a 240 litre capacity, offer a tremendous amount of space for larger and bulky objects. Mounted on any commercial roof-rack (with a horizontal supporting beam having a width of 35mm or 1 3/8"), the KAMEI-BOX can be used for transporting weights of up to 110lbs, or 50kg. Since it can be used throughout the year in rain, wind and snow, the KAMEI TRAVELLER-BOX is an ideal addition to the limited space of a boot.

The aerodynamic style, tested in the wind tunnel, and the highly impact-proof lightweight DUROKAM® material developed by KAMEI ensure that no additional driving noises or appreciable extra fuel consumption are caused.

Two gas-pressure lifting devices, activated from the driver's side, keep the lid wide open until everything is stored away and secured from movement by the use of fastening belts. The two safety locks are fitted with protective covers to keep them free of dirt and prevent them from freezing. Adjustable insertable racks, for up to six pairs of skis, which have been especially developed for the TRAVELLER-BOX are available as accessory equipment. The champagne-white HOBBY-BOX and TRAVELLER-BOX can be painted to match the colour of your car. The sportsmanlike elegant luxury versions are already fully coated with silver metallic coating.

The KAMEI roof carry-all solves your space problem in the best, aerodynamic form.

For 1990 two new models are available. The KAMEI TRAMP-BOX is a wider version of the HOBBY-BOX, suitable for large saloons and 4 × 4 vehicles and the TOURING-BOX which has a 320 litre capacity and is designed to fit directly to the original roof bars as fitted to certain estate cars.

AUTOMAXI

AUTOMAXI

1 AUTOMAXI UNIVERSAL ROOF BARS

The Automaxi bars are by far the closest thing to truly Universal Bars. They have a unique patented torsion system working through the whole length of the bars to ensure the strongest and safest fit for your car. Automaxi have built in the most complete carrying system there is. All universals come complete with ratchet torsion carry straps, moulded non-slip pads and tie down slip rings. This means you can safely carry windsurfer boards, skis, various loads etc, with no need for string or elastic bands. Two purpose made protector pads are included. These bars have been tested by European authorities and car manufacturers to the very highest standards. The centre bar section, of almost 2 square inches, has been tested to above 250 kgs load (refer to car manufacturers' figures for maximum roof loads permissible). All bars come complete with locks at either end of the bars, thus securing the bars and the load, and a spare set of keys.

TRUCK WINDMASTERS
A RANGE OF WEATHERSHIELDS IS NOW AVAILABLE FOR TRUCKS. PLEASE ENQUIRE FOR DETAILS.

EECO

1 "WINDMASTER" WEATHER SHIELDS

The original wind deflector. Reduces annoying draughts enabling complete window down motoring. Combats cigarette fumes, car sickness and drowsiness. Up to the minute styling with aerodynamic shape the Windmaster Weathershield is a must for all those who enjoy fresh air when motoring.

When ordering, please state make, model and year of car, whether estate or saloon (2 or 4 door) or hatchback. Available separately in either left or right hand or as a matched pair.

EC2369 (each) OUR PRICE **£19.50**

EC2370 (pair) OUR PRICE **£36.50**

2 HEADLAMP SHIELDS

Clear headlight protectors with black styling lines for that individual look.
Maximum headlight protection.
Quickly removed for cleaning etc.
Available for the following cars: Escort III & IV, Cortina IV & V, Capri II & III, Astra II, Fiesta I & II, Land Rover.

EHS (pair) OUR PRICE **£16.95**

3 TINTED HEADLAMP COVERS

These visors should not be used when there is a likelihood of requiring the vehicle's headlights.
Dark tinted grey.
Coloured headlamp visors.

RAIN-X — THE INVISIBLE WINDSCREEN WIPER

WHAT IS RAIN-X?

Rain-X is a clear, colourless liquid that has an amazing effect on glass and plastic (acrylic and polycarbonate). Like water off a duck's back... it repels rain, frost, snow, and dust. It seals, polishes and conditions against sun, sand, salt and pollutants and helps prevent insects, mud and grime from sticking — making cleaning a breeze.

WHY USE RAIN-X?

Built up road grime, dust, fumes and pollutants leave a haze on windscreens — severely reducing visibility. It's a thin haze that becomes blinding when it rains or becomes glary. Rain-X provides that extra dimension to driving visibility ... and when you see more clearly, you drive more safely.

IS RAIN-X ONLY FOR BAD WEATHER USE?

Rain-X has been tested on aeroplanes, cars, trucks, vans, four wheel drives, helmet visors and goggles for thousands of kilometres. The test proved Rain-X to be a truly ALL WEATHER formulation. Visibility was improved in all conditions — wet and dry. Virtually eliminates insects, highway residue, mud splatter and salt spray from all glass surfaces.

HOW DO YOU USE RAIN-X?

It's easy. You just wipe it on and ... wipe it off. Use it on windscreen, side and rear windows, headlights, tail lights, fog lights, helmet visors, goggles and side view mirrors.

Re-apply Rain-X about once a month, or every 2,500 miles to maintain peak performance. Don't worry about putting one application over the other, because there is no possibility of 'build-up'. You can only improve visibility with another application. You will also notice how much easier it is to clean your vehicle's glass surfaces.

SPECIALISED CAR COVERS

SPECIALISED CAR COVERS

Throughout the world, the name of Specialised Car Covers enjoys an enviable reputation for quality and reliability. Specialised Car Covers manufacture beautifully designed, yet functional, individually hand-tailored dust proof or waterproof covers which are precision cut and tailored to fit any possible type of car like a second skin.

Each cover is designed with securing straps on both sides to ensure a snug professional fit.

An extensive colour range is available, together with individual specifications, such as customers own logo and makers marque.

With a specialised car cover your vehicle is kept in prime condition and its value is maintained.

Official suppliers to: ASTON MARTIN, SUZUKI, LAMBORGHINI, LANCIA, FERRARI, LAGONDA, BMW, HONDA, JAGUAR, ROLLS-ROYCE etc.

WATERPROOF COVERS

Made from 4 oz nylon, coated with Hydrolysis resistant P.U. and Scotchguard proofed. All seams are electronically welded and taped, making the cover 100% waterproof. Quick release adjustable tie-down straps are available, together with co-ordinated storage bags.

Colours available: Black, White, Red, Silver Grey, Royal Blue, Mid Green, Burgundy, British Racing Green.

FROM **£105** TO **£225**

Please ring for exact price for your car.

DUST COVERS

Made from 100% sateen washable siliconed finished cotton, vat and azoic dyed. The fabric is breathable, tightly woven to repel dust, and is non-scratching. Co-ordinated storage bags available.

Colours available: Black, White, Red, Gold, Silver Grey, Yellow, Mid Green, Brown, Mid Blue, Pale Blue, Burgundy, British Racing Green.

FROM **£105** TO **£250**

Please ring for exact price for your car.

MOMO STEERING WHEELS

Momo steering wheels today, as twenty years ago, are built with the same art, passion and skill for wood craftsmanship.

In the hands of expert artisans, the wood takes form and becomes a luxury driving instrument. African mahogany, zebra wood, briar-wood (after a long aging period) are selected to form part of the rim and pads. The wood is rolled, after being sliced in very fine sheets, under incredible pressure for greater safety.

Momo leather undergoes extensive testing and is specially selected at the tannery for its suitability for handcrafting of Momo steering wheels. The leather is then coloured with special substances to give the same quality look year after year.

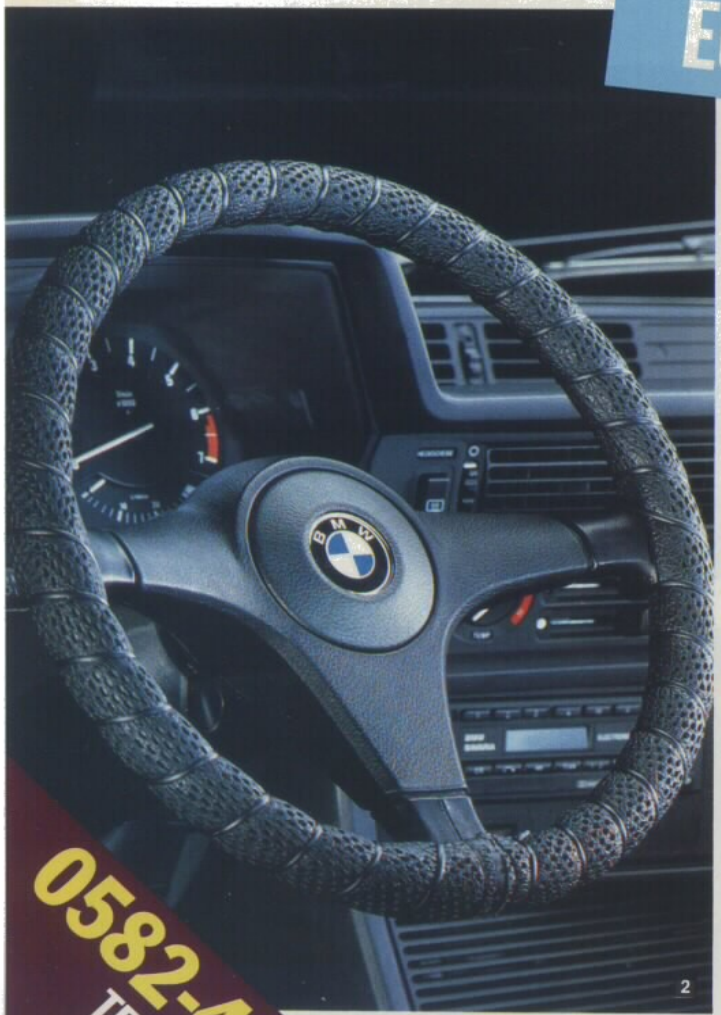
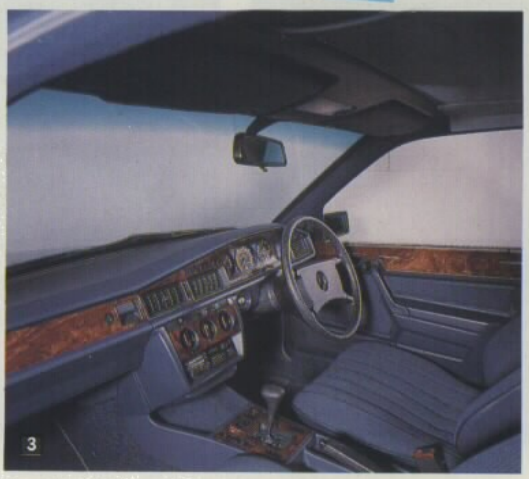
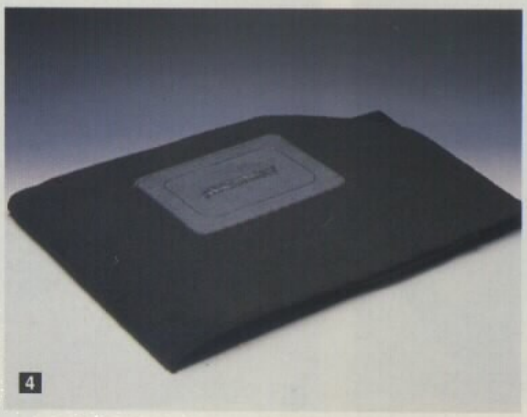
EUROSTYLING







EUROSTYLING

2 AVUS SUPER STEERING WHEEL COVER
The decisive advantage and indeed the secret of the AVUS steering wheel cover is the material used to manufacture it: porotherm®. This material outdistances all others in terms of comfort and hygiene. The AVUS® porotherm cover air-conditions the steering wheel, thus offering protection at all temperatures, which is particularly welcome in the hot summer time as well as in the cold winter season. Fits all steering wheels up to 420 mm diameter. Available in black or brown.

VAULT-X

1

1 VAULT X — UNIVERSAL CAR SAFE

With more and more vehicle break-ins every year the VAULT X universal car safe is a must for anyone who wishes to protect property and valuables left in their vehicle.

Manufactured from a heavy gauge steel the VAULT X universal car safe offers ideal protection for removable radio cassette players, compact discs, car phone, cassettes, cash, credit-cards, documents, etc.

The VAULT X universal car safe is supplied with full fitting kit and instructions and is simple to fit. (Drilling is required.)

Size: 1
260 mm wide, 110 mm high, 250 mm deep

VX8901 **£55.00**

Size: 2
250 mm wide, 85 mm high, 235 mm deep

VX8902 **£45.00**

Tailored Brackets available for mounting either safe to floor under passenger seat to Escort 3/4 and Orion at no additional cost. Please specify if required.

FILOBOX

2

2 FILOBOX

The "Filobox" is a handy product and when fitted to your vehicle provides the occupant with a note pad and pen and a small storage drawer. It is ideal for making notes (NOT WHILE DRIVING) so you don't forget e.g. telephone numbers, directions, jobs to do etc. The drawer provides storage for coins and other small odds and ends.

The Filobox is tailored to fit onto the dashboard of your vehicle and is simply fitted by adhesive pads provided.

Replacement note pads and pens are available.

If your vehicle is not listed, please check with our staff as the Filobox application is continually being updated.

Available for:
ALFA-ROMEO 33, 75, AUDI 80/90, Coupé, BMW 3, 5 & 7 Series, CITROEN Bx, DAIHATSU Fourtrak, FIAT Uno, Tipo, Ritmo, Strada, Croma, Regata, 126, FORD Fiesta, Escort III, Escort IV, Orion, Sierra, Sapphire, Transit, HONDA Civic, Ballade, Accord, Shuttle, Prelude, Legend, LANCIA Thema, MERCEDES 126, 124, 100 Truck/Van, MAZDA 323, MITSUBISHI L300, Space Wagon, NISSAN Micra, Bluebird, OPEL Kadett E, Corsa, Ascona C, Senator, PEUGEOT 205, 309, 305, 505, 405, RENAULT 18, 21, 5, Espace, Trafic, ROVER SDI, Montego, SEAT Malaga, Marbella, Ibiza, VAUXHALL Nova, Astra II, Belmont, Cavalier, Carlton, Royale, Senator, VOLKSWAGEN Polo, Golf I & II, Jetta I & II, Passat, VOLVO 700 Series.

CC8917 TAILORED: **£11.95**
UNIVERSAL: **£9.95**

Please state make, model and year of vehicle when ordering.

STRONGARM

3 STRONGARM

StrongArm is a new tough vehicle anti-theft device designed to put our minds at rest. It hooks around the foot pedal and locks on to the steering wheel.

StrongArm is an effective quality product designed to support this Country's determination to reduce crime by prevention.

Strength is StrongArm's main benefit, distinguishing it from other vehicle theft deterrents.

Constructed of solid steel and with its component parts fully welded, StrongArm weighs a hefty 2.2 kg (4.9 lbs) making it tough to bend, break, saw, or kick out of place.

Lock integrity is StrongArm's other major feature. The StrongArm lock is amongst the most difficult to pick with over 3000 genuine key configurations. There is no skeleton or master key available – even from the manufacturers! So as long as you have your key safe, you have your car safe.

Simplicity of design is always best and StrongArm is simple to use too. It takes seconds to fit in place and locks on to the steering wheel.

It is hinged in the middle so that it can be stored away discreetly.

StrongArm also boasts great versatility – it fits most cars (including automatics), lorries, buses, tractors and other off high-way vehicles.

It will also accommodate padded steering wheels.

Approved by the A.A., welcomed by the police, featured in Home Office publications such as Crime Prevention News and Good Neighbour. 'What Car?' verdict 'Simple, cheap and above all very efficient'.

SA2211 OUR PRICE **£24.95**

See Order Form for Special Offer on 'STRONGARM' when purchasing over £50 of products.

HITRIX

AZTEC

1 ELECTRICALLY AND MANUALLY OPERATED CAR BLINDS

Aztec is the first Venetian blind designed to fit your car. It adds a unique style to any vehicle and in a choice of 4 colours: Black, Silver, White and Red... there's one that's perfect for you. Aztec puts individuality right into your rear window and gives you unprecedented control of your car's interior environment at the flick of a switch.

Use Aztec to eliminate dazzle but still give clear rear vision. Ideal at night. Headlamps glaring through your back window can be distracting and potentially dangerous. Aztec lets you filter out dazzle in your eyes without blocking rear vision. Aztec unclips easily from its mountings for cleaning. Available in Black, Silver, White or Red.

Electrically Operated

4 SECURITY BEAR

Don't be fooled by its looks, Security Bear is not a toy!

SECURITY BEAR IS STATE-OF-THE-ART PROTECTION AGAINST CAR THEFT

This little teddy bear is actually one of the most sophisticated and effective car alarms ever developed.

NO WIRES. NO COSTLY TIME CONSUMING INSTALLATION. NO HASSLE

Unlike complicated security systems which are wired to the car's electrical system, Security Bear is self-powered with four D-cell batteries. This makes it totally immune to any electrical or power failure in the vehicle.

Unlike costly systems which can take up to six hours to install, Security Bear installs in minutes. You simply place the bear in the seat or on the floor and secure it with its cable.

REMOTE CONTROL INCLUDED

Like the most expensive alarms, Security Bear is activated with its own remote control – a tiny, wireless transmitter than fits on your key ring.

When you leave the car, just roll up the windows, lock the doors and press the remote control. "Chirp!" Now the car is armed and secure.

Hidden inside Security Bear™ is highly-sensitive Infrasonic detection circuitry, a state-of-the-art low-power CMOS microprocessor – and an amplification system capable of producing an alarm all out of proportion to its small size!

DELSTAR

DELSTAR INTERNATIONAL TAILORED SEAT COVERS

TAILORED TO PERFECTION

Delstar International's tailored seat covers are perhaps the ultimate in high quality, well designed, stylish car seat covers. They are designed to fit perfectly and include all the appropriate head rest covers and holes for the seat tilt levers etc. The fabric itself is chosen for its hard wearing ability and it is tested to ensure that it is flame retardant. The velour fabric is foam backed for added comfort and comes in a choice of Charcoal grey or Tobacco beige. Both colours have been selected to match virtually all the original trim colours found on today's cars.

Detailed fitting and cleaning instructions (they are machine washable) come with each set and a special telephone hot-line is available to give free advice.

APPLICATION GUIDE

Delstar's tailored seat covers are available for the following cars:-

HOW TO ORDER

When ordering it is necessary to provide as much information as possible to ensure that we include the correct parts:-

a) the precise model and year and if it is a saloon, hatch or estate model e.g. Vauxhall Cavalier GL 1990 Hatch
b) how many doors does it have excluding the rear hatch?
c) does it have split rear seats, armrests or rear head restraints?
d) which colour do you require – Charcoal grey or Tobacco beige?

Once you have placed your order, please allow 28 days for delivery.

SPECIALISED CAR MATS

SPECIALISED CAR MATS

For the true connoisseur of style there has long been a need for a car mat that matches the quality of his car.

Specialised Car Mats have recognised that need and produced a mat of exceptional quality which is specifically aimed at the driver who parallels appearance with durability.

- **LUXURY PILE CARPET**
  Easy to clean. Exceptionally hard wearing. 100% Polypropylene. Water resistant yet fully washable. Tailored to fit individual cars.
- **FULL SETS**
  4 mats, front 2 embroidered.
- **HEEL PAD**
  Reinforced non-scuff 100% Polyproylene.
- **LEATHER CLOTH EDGING**
  Four standard colours: Burgundy, Black, Grey and Cream.
- **NON SLIP BACKING**
  Thick bonded water resistant rubber backing that stays put.
- **EMBROIDERED LOGOS**
  Unique coloured silk makers marques.

The unique coloured logos embroidered in silk, embellish the exclusive pile carpet that's both hard wearing and easy to clean.

The coloured logos illustrated are only a small selection of those available. Colours available: Burgundy, Black, Grey, Cream. Available with any colour leather-cloth edging.

The ultimate car mat has arrived.

Please state make, model and year of vehicle when ordering plus colour of mat and edging required. Patterns available for all cars.

JETEX EXHAUST SYSTEMS

TECHNOLOGY, QUALITY, PERFORMANCE, WITH A SOUND THAT CALLS THE TUNE

With an eye on the 1990's Jetex have introduced a range of performance exhausts which meet the EEC type approvals. Designs include an engineered front pipe to increase torque in the low and mid-range (no need to change the manifold) and for cars with catalyst converters Jetex have suitable exhausts available.

Jetex Exhaust Systems are manufactured in Sweden. Production takes place in a new purpose built factory.

With Jetex Exhaust Systems the engineers have concentrated on solving a number of technical problems. A thorough programme of testing performance, fuel economy, noise and exhaust levels as well as back pressure to name a few have provided answers which give advantages in all of these areas combined with durability and purpose designed packaging.

GENERAL

Two basic methods can be used to dampen exhaust noise – absorption damping and reflection damping. The reflection method is cheaper as a rule, and technically easier to construct, but it has side effects, among them high back pressure which reduces power output and frequently increases fuel consumption.

Absorption damping, however, while being technically more complicated to manufacture, has the advantage that the exhaust gases are removed efficiently so that neither performance nor fuel consumption are affected. Jetex Systems are of the absorption type.

PERFORMANCE

Performance testing is carried out using computerised chassis dynamometers thus enabling different theories to be examined before deciding on the final design. Other important factors taken into consideration are back pressure, carbon monoxide levels, inlet manifold temperature and fuel consumption.

NOISE LEVELS

It is a common misconception that sport systems automatically mean more noise. With Jetex designs the noise levels are always below the legal maximum, and comply with the officially approved noise levels for motor vehicles. All systems with the E prefix comply with the E.E.C. regulations.

JETEX SYSTEMS AT A GLANCE:

- Swedish high quality steel.
- Reduction in back pressure up to 82% for some applications.
- Professional design.
- Pleasant exhaust note.
- Improved output compared with standard systems.
- Easy to assemble.
- Complete systems (unless original front pipe is indicated) with fitting kits.
- 12 months guarantee.
- Every Jetex system is boxed.

OPTILINE

For good looks, good sound and reduced back pressure the OPTILINE range is available to fit to original exhaust parts.

Each silencer box is available with a unique brushed copper tailpipe from which emits a sporty sound or an optional oval tailpipe of the same quality. Aluminized steel is used in construction and the OPTILINE range is type approved in accordance with EEC standards with respect to noise level and back pressure. Boxes are supplied in black with copper chrome tail pipe.

4 FILTER KING

The well known fuel saver from Malpassi. Tests and trials as well as many satisfied customers claim savings of 10%-15%. The Filter King regulates the pressure of fuel delived by the car's petrol pump to help mantain a steadier float level in the carburettor thus preventing expensive fuel surges and flooding. Its effective filter acts as an extra benefit to trap any dirt or water which may contaminate the petrol supply.

The Filter King is fitted as standard by Alfa Romeo and Maserati.

Hundreds of thousands sold worldwide already. The relentless increase in the cost of motoring means that any aid to fuel economy must be considered an essential fitment. Not suitable for cars with fuel injection.

ANSA

THE ITALIAN STYLE OF PERFORMANCE

Unleash the hidden performance of your car's engine with ANSA ... the higher performance exhaust system. Engineered to maximise torque and power. Designed to provide remarkable bolt-on performance, faster acceleration, great looks and the unmistakable ANSA sound of power.

Installing an ANSA Free Flow exhaust system will most likely give you the best performance increase for the smallest investment.

ANSA are original equipment suppliers of exhausts to all the great Italian Marques and it is this experience that they have brought to bear on the sports systems listed to give power improvements of up to 14% plus.

Recent independent tests by magazines in the U.K. of the Golf, Fiesta, Uno Turbo etc. have all borne out the claims made and tested by ANSA themselves.

Quality is maintained by using only the best aluminised steel 16-18 gauge. Computerised design methods ensure a trouble free fit. 18 month guarantee.

24 IGNITION IMMOBILISER
Completely automatic. Immobilises vehicle whenever you leave it. Only three wires to connect.
C275 OUR PRICE **£8.50**

25 BATTERY STATE INDICATOR
Shows by use of L.E.D. lights, general battery condition and faulty connections.
C273 OUR PRICE **£7.50**

26 SCREENWASH LEVEL INDICATOR
Fully automatic. Easy to install.
C279 OUR PRICE **£6.50**

27 INTERIOR LIGHT DELAY
Two wire connection gives you a few useful seconds of light after chosing your door.
C276 OUR PRICE **£5.50**

28 LIGHTS ON ALARM
'Bleeps' if you leave your lights on and you open the car door.
C278 OUR PRICE **£4.95**

29 SEAT BELT REMINDER
Red warning light flashes and electronic buzzer sounds when the ignition is switched on, thus reminding you to wear your seat belt. Touching the contacts cancels the light and buzzer. Only two wires to connect.
C284 OUR PRICE **£7.50**

30 DIRECTION INDICATOR BLEEPER
Super all-electronic unit 'bleeps' whenever the car's indicators flash, thus eliminating the possibility of forgetting to cancel them. There are only three wires to connect. A brilliant safety product.
C280 OUR PRICE **£4.95**

31 BRAKE LIGHT MONITOR
Gives immediate warning of brake light bulb failure. With both brake lights in good working order, the Monitor displays a single green light, but if a brake light bulb fails, the Monitor shows two bright red lights to warn the driver. Works automatically every time the brake pedal is pressed – does not affect normal operation. Uses 'ever-lasting' L.E.D. lights – no bulbs to replace. This unique safety device is connected by means of three wires, and suits all 12 volt vehicles having one brake light on each side. Complete with connectors.
C277 OUR PRICE **£5.50**

32 BRANYLS

'Hedgehogs' Red (each)	£2.95

'Tortoise' Red (each)	£2.95
'Crocodiles' Red (each)	£2.95
'Fuel Injection' Silver/Black (each)	£2.95

PIPERCROSS

PIPERCROSS HIGH PERFORMANCE AIR FILTERS

DISTRIBUTED BY KAROBES

Pipercross High Performance Air Filters have long been the choice of winning race teams across the world, from formula 1 to top rally names, Le Mans to works saloon car teams. Now there is a Pipercross filter to put your car in a class of its own.

Developed in association with Loughborough University and the Motor Industry Research Association, these specially-treated filters give up to 10% more power by creating a better airflow through the carburettor. They also last up to four times as long as paper alternatives, are highly flame retardant and are simply fitted by replacing the existing element in the standard air filter housing.

Join the winners by choosing a Pipercross direct replacement air filter for your car – ordinary filters seem flat in comparison.

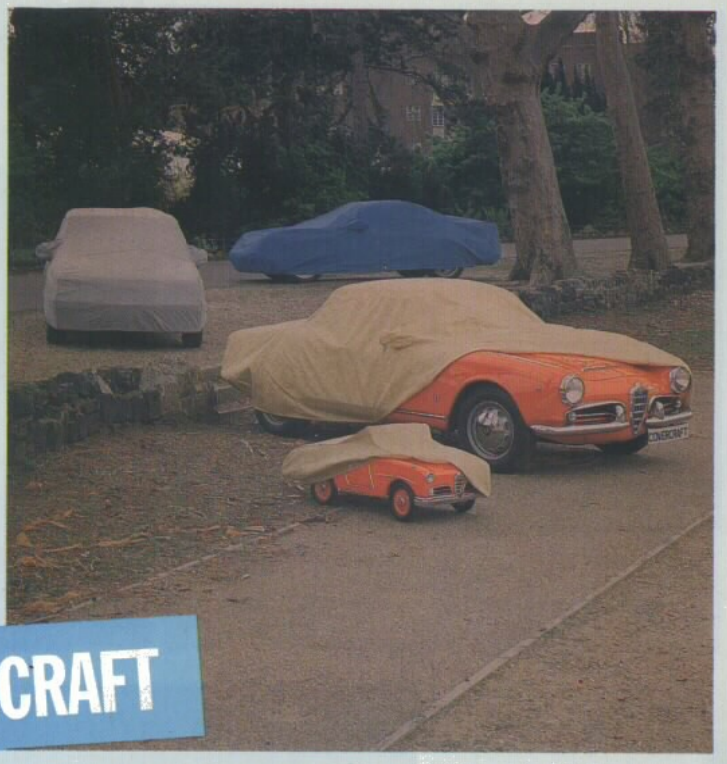
COVERCRAFT



COVERCRAFT OF EUROPE

Covercraft, the world's largest manufacturer of Custom-Fit car covers, offers you the finest solution for keeping your car in prime condition and maintaining its value. The Technalon car cover, made from the most water resistant breathable material available, designed to fit your car precisely.

Features: Elasticated front and rear hems hold cover in place and ensure quick and easy use. All seams are double lapped and double stitched to ensure strength. Technalon will not shrink, stretch or rot. Technalon is a soft, non-abrasive fabric, so it will not scratch chrome or paint. Its four layered construction also serves as an extra bumper helping protect against accidental knocks and scratches.

Each cover comes complete with lock guard cable and lock; the first line of defence against thieves and vandals. A storage bag is also included.

Available in three colours: Blue, Grey or Gold as shown.

PRICES FROM **£158.00** TO **£208.00**

Please ring for exact price for your car.

Whatever car you have, Covercraft from their stock of over 22,000 patterns have it covered.

Your car's paint and interior protected against rain, sleet, snow, dust, dirt, tree leaves and sap, bird and insect deposits, air-borne chemicals, pollutants, salt and the sun's ultra violet rays.

1 MINI ROADSTER

Every child's dream. A fully detailed reproduction of the real thing, powered by a single cylinder, 4 stroke engine and capable of 15-20 mph.

Fitted with disc brakes, 2 speed gear box, plus reverse, clutch assisted. Adjustable seating suitable for all ages. (Not street legal!)

CRUISE CONTROLS

WHY BUY A CRUISE CONTROL?

Cruise Controls have long been popular in the United States and understandably so. Long distances, open roads and speed restrictions make cruise controls almost a necessity. But gradually, European drivers are coming to recognise that a cruise control can also be meaningful over shorter distances and in heavier traffic conditions.

They have discovered that not only does a cruise control prevent accidental speeding but also reduces fuel costs by up to 15%.

HOW DOES A CRUISE CONTROL WORK?

The 'heart' of the system is a microprocessor that memorises any speed chosen by the driver and, by regulating the throttle actuator, enables the vehicle to be maintained at that constant speed.

This means that once a speed has been programmed by touching the SET button, your foot can be taken away from the accelerator pedal. Whether up hill or down dale, the cruise control will adjust the movement of the throttle and hold the vehicle to the desired speed.

For safety reasons, a cruise control does not operate at low speeds (normally not under 25 mph). It can be switched on or off at will and is immediately and automatically disconnected by pressing the brake pedal or, on manual vehicles, by changing gear. Touching the RESUME button will cause the vehicle to accelerate until it has reached the last set speed.

Cruise controls eliminate abrupt throttle movement and consequently reduce fuel consumption.

3

1 AP90
A breakthrough in terms of price for a basic cruise control. All parts supplied for complete installation. Suitable for dash or stalk mounting. Manual transmission vehicle require optional Electronic Clutch Switch ECS4859.

AP90 OUR PRICE **£89.95**

2 AP110
Features as AP90 plus larger illuminated command module. For dash mounting only. Manual transmission vehicles require optional Electronic Clutch Switch ECS4859.

AP110 OUR PRICE **£125.00**

3 AP120/AP220
Features as AP90 plus illuminated keys on control module. LED to indicate Cruise Control in operation. Electronic Clutch Switch included.

AP120 OUR PRICE **£135.00**

For Diesel and Turbo cars
AP220 OUR PRICE **£195.00**

CRUISE CONTROL ACCESSORIES

ELECTRONIC CLUTCH SWITCH

For AP90 and AP110 (Standard on AP120).

DRIVING COMPUTERS

4 DCS300

Offers a wide range of fuel management functions including information on 'range' – i.e. how much fuel in the tank, how far and how long you can travel without refuelling.

The DCS300 incorporates a Cruise Control with separate command module. The DCS340 has the same functions as a DCS300, but comes without a Cruise Control.

DCS300 OUR PRICE **£235.00**

DCS340 OUR PRICE **£115.00**

5 DCS360

The very latest in driving computer technology. The DCS360 is the first computer to automatically re-set when fuel is added to the tank. It offers an exciting range of functions including two memories for short and long trips and an analogue bargraph to display instant fuel economy. Instantly convertible from imperial to metric measurements – ideal for buying fuel in litres whilst still measuring consumption in miles per gallon.

With gooseneck

DCS360 OUR PRICE **£165.00**

6 ZT-4 FUEL MANAGER

Provides accurate information on instant fuel economy in addition to showing the amount of petrol used. Speed, time and distance displays are also incorporated. It provides instant convertibility between imperial and metric measurements.

ZT4 OUR PRICE **£92.50**

DRIVING COMPUTER ACCESSORIES

Electronic Fuel Injection Kit (Bosch L & LE Type)

DA303 OUR PRICE **£29.50**

For carb. engine

DA302 OUR PRICE **£29.50**

Diesel Adaptor (not for Trucks)

1500 OUR PRICE **£89.50**

ELECTRONIC COMPASS

Two electronic compasses featuring the very latest aircraft type quadrature circuit for total accuracy. Just take a look at some of the outstanding features, which make conventional compasses a thing of the past.

- Automatic magnetic compensation. Even the most expensive conventional compasses have problems with strong magnetic fields in a vehicle. But Zemco's quadrature circuit system automatically corrects to obtain precision accuracy.
- 360° hi-tech display clearly shows the direction of travel.
- Full colour illuminated display for easy reading day or night.
- Fits easily on to any dashboard allowing use by either driver or front seat passenger.
- Display is electronically controlled for steady, accurate reading.
- Easy to install in vehicle electrical system – or via the cigarette lighter adaptor included.

7 DE700 OUR PRICE **£39.50**

8 DE710 OUR PRICE **£97.50**

6

7 8

9 WIPER DELAY

Wiper Delay provides a variable wiper interval of from 2 to 20 seconds and is equally suitable for front or rear screens. The Wiper Delay is simply installed on most 12v negative earth vehicles and comes complete with fitting instructions.

DE730 OUR PRICE **£13.95**

INTERIOR LIGHT DELAY

How often have you groped to find your ignition switch in the dark? Just think how easy it would be if your interior courtesy light remained 'on' until the vehicle has been started. The Zemco Interior Light Delay makes this possible whereby an electronic delay keeps the courtesy light 'on' for 15-30 seconds after closing the car door.

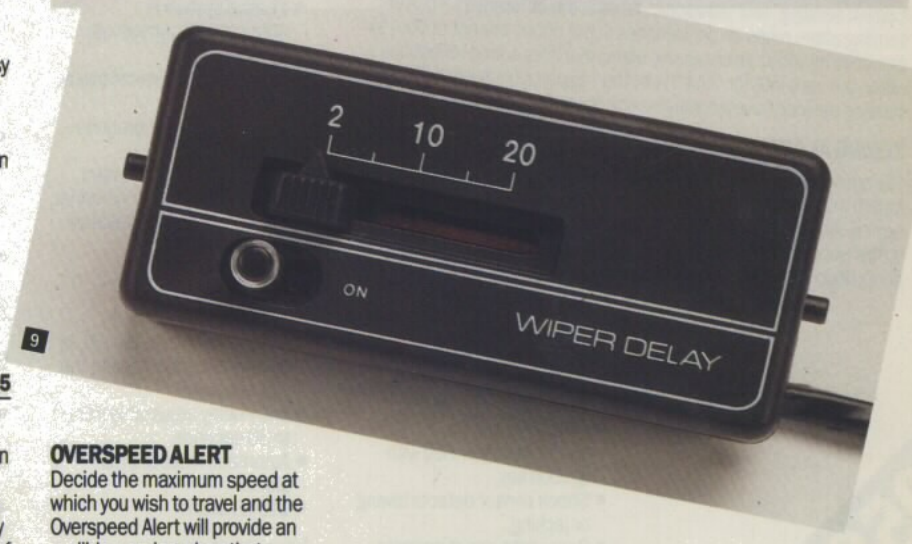
The Interior Light Delay is simply installed on all vehicles and comes complete with fitting instructions.

SA401 OUR PRICE **£7.95**

EXTERIOR LIGHT DELAY

No more stumbling around in an unlit driveway. Just walk away from your car in the knowledge that the lights will automatically switch-off after a pre-set time of from 30 seconds to 3 minutes.

SA402 OUR PRICE **£11.95**



9

OVERSPEED ALERT

Decide the maximum speed at which you wish to travel and the Overspeed Alert will provide an audible warning when that speed has been attained.

ZM1007 OUR PRICE **£13.95**

ZEMCO

ZEMCO AUTO ALARMS

Zemco Auto Alarms all feature a unique integral design whereby the siren unit houses the microprocessor, the shock sensor, a battery back-up and a 115-123 decibel horn. They offer the ultimate in protection and have been selected by a number of car manufacturers as the 'state of the art'.

WHAT TYPE OF ALARMS OFFER THE BEST PROTECTION?

There are many types of alarm on the market — some very cheap, other extremely expensive. They range from simple ignition cut-off switches to sophisticated ultrasonic and infra-red devices.

Generally, an alarm is passive or non-passive. What does this mean? It means that a passive system requires no action on the part of the driver (i.e. the alarm arms itself automatically) whilst a non-passive system can only be armed by some specific action. Driving habits are not easily changed and passive systems are much to be preferred.

Passive alarms can be of various types. Two of the most popular are 'current sensing' and 'ultrasonic'. What is the difference? A current sensing alarm relies on pin-switches in the doors, bonnet or boot to detect entry whilst an ultrasonic alarm monitors sound reflections within the car's interior. Which is better? Experts disagree but current sensing devices have a reputation for fewer false alarms.

ZEMCO ALARMS

The alarms are passive, so you don't even have to remember to switch them on. When the ignition is turned off, the system is fully armed. All Zemco Alarms have a battery back-up system. So, even it a thief succeeds in cutting the car's battery cable, the alarm will sound loud and clear. DESIGNED FOR EASY INSTALLATION.

1 SA420

- Battery back-up (batteries included).
- Passive system is automatically armed with ignition key.
- Shock sensor detects towing or jacking.
- Dome light circuit protects interior.
- Adjustable length contact switches for boot and bonnet.
- Test LED checks installation and operation.
- Disable/Valet Switch deactivates alarm.
- Retriggerable exit delay resets when boot, bonnet, or doors are opened during the exit delay.
- Entry delay adjustable from 0 to 30 seconds.
- Automatic reset rearms alarm.
- 15 dB siren.

SA420 OUR PRICE **£69.95**

2 SA430 ALARM

Features:

- Battery back-up (batteries included).
- Passive system is automatically armed with ignition.
- Shock sensor detects towing or jacking.
- Dome light circuit protects interior.
- Adjustable length contact switches for boot and bonnet.
- Test LED checks installation and operation.
- Disable/Valet Switch deactivates alarm.
- Retriggerable exit delay resets when boot, bonnet, or doors are opened during the exit delay.
- Entry delay adjustable from 0 to 30 seconds.
- Automatic reset rearms alarm.
- 115 dB siren.

Special features:

- Status Monitor shows exit, entry, intrude and has a disable switch.
- Smart exit waits for door to close before starting delay.
- Chiptone when alarm arms.
- Warning tone when entry delay begins.
- Auxiliary output for flashing lights or horn.
- Outside sensor protects ski racks, etc.

SA430 OUR PRICE **£97.50**

1

SA403 VEHICLE ALARM MOTION DETECTOR

- Guards against towing or jacking.
- Can be used with vehicle horn.
- Works in conjunction with Zemco alarms.
- Sensitivity adjustment.
- Includes on/off switch.

SA403 OUR PRICE **£7.95**

SA405 VEHICLE ALARM BIAXIAL PIEZO SHOCK SENSOR

- Senses high frequency shock such as tampering with glass or wheels.
- No false alarms from wind or slight movements.
- No moving parts — mounts in any position.
- Works in conjunction with Zemco alarms.

SA405 OUR PRICE **£19.95**

SA406 IGNITION CUT-OFF SECURITY SYSTEM

- Compatible with standard, high energy or electronic ignition systems.
- Hidden switch disables entire ignition system.
- Will not damage ignition as ordinary switch can.

SA406 OUR PRICE **£5.95**

SA435 CENTRAL LOCKING INTERFACE

The Central Door Locking Interface compatible with all Zemco Alarms. For use only in conjunction with SA432 Remote Control and with vehicles with existing central locking systems.

- Simultaneous locking/unlocking of car doors and arming/disarming alarm.

SA435 OUR PRICE **£39.50**

CENTRAL LOCKING KITS

- Reliable, Swiss made, door lock actuators.
- Superior quality wiring harness.
- Heavy-duty 30 amp control relay.
- Inter-connecting rods and clamps included.
- Colour coded connectors for simple installation.
- Interfaces to Zemco remote control alarm system.
- Suitable for most cars, vans and light commercial vehicles (12 volts, negative earth only).
- Comprehensive fitting instructions.
- Backed by Zemco's 12 month, no quibble, guarantee.

2 door kit
CL552 OUR PRICE **£59.50**

4 door kit
CL554 OUR PRICE **£95.00**

3 SA432 REMOTE CONTROL

- Can be added to any Zemco Alarm.
- Allows alarm system to be activated and deactivated with a key chain size remote transmitter.
- Effective range is 100 feet minimum.
- Works with most active or passive alarms.
- Either flashes lights or chirps horn for confirmation of arm/disarm.
- For safety, the system will not trigger while driving.

Special features:

- System can be armed or disarmed either with remote control or with ignition switch.
- DTI approved frequency.

SA432 OUR PRICE **£54.50**

4 SA404 ULTRASONIC

An add-on Ultrasonic Sensor to provide double protection when used with SA420 and SA430 alarms.

- Red LED to indicate vehicle is protected.

SA404 OUR PRICE **£59.50**

5 SA40 ULTRASONIC

Same features as the SA404 but with separate sensors for mounting on door pillars.

SA404X OUR PRICE **£59.50**

CARNOISSEUR

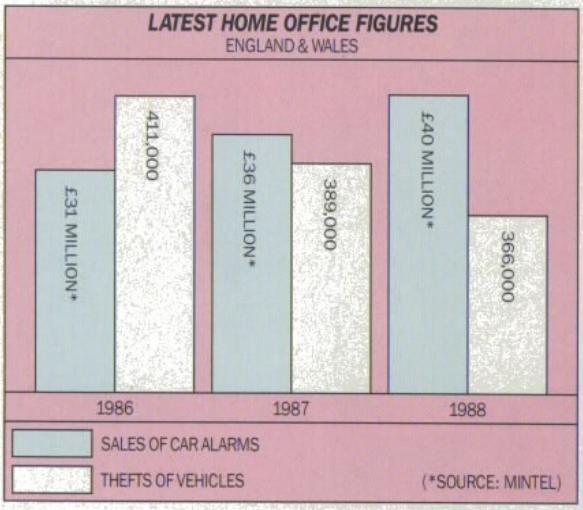
TOTAL VEHICLE PROTECTION IS NOW WITHIN YOUR REACH

It's a sad fact that vehicle theft and forced entry is big business for the rogues of this world, with car crime still accounting for approximately a quarter of all recorded crimes.

It's worth considering then, that someone else may find your vehicle or its contents, as appealing as you do.

So now's the time to act. Especially when you compare the figures below.

The dramatic *increase* in car alarm sales and in turn, the *decrease* in car crime over the last three years is undoubtedly more than a coincidence, proving total vehicle protection is, quite simply, the most effective weapon in the war against car crime.



For guaranteed protection, a 'passive' Zemco alarm is the best way to crack car crime effectively. This means you can't forget to switch on the alarm – it arms automatically when you have left the car (see previous pages).

Or if you prefer, there is a DTI approved radio remote control enabling you to arm or disarm the vehicle from distances of up to 60 ft, as offered below.

Whichever alarm system you choose, you can rest assured you're benefitting from the ultimate combination of advanced technology and the highest possible standards of manufacture.

Carnoisseur recommend Zemco alarms. Zemco is a leading manufacturer of car electronics, whose security systems have been selected by some of the world's major manufacturers, including General Motors (Vauxhall), Mitsubishi, Nissan, Suzuki and Toyota.

And the good news is that a Zemco alarm can be professionally and efficiently installed for far less than you might expect.

Carnoisseur in conjunction with Zemco will arrange for their local engineer to install the right system for your car at a time and place to suit you.

What's more, you get a 12 month 'no quibble' guarantee that covers all eventualities – including labour.

Contact Carnoisseur today to arrange prompt fitting of your system.

ZEMCO

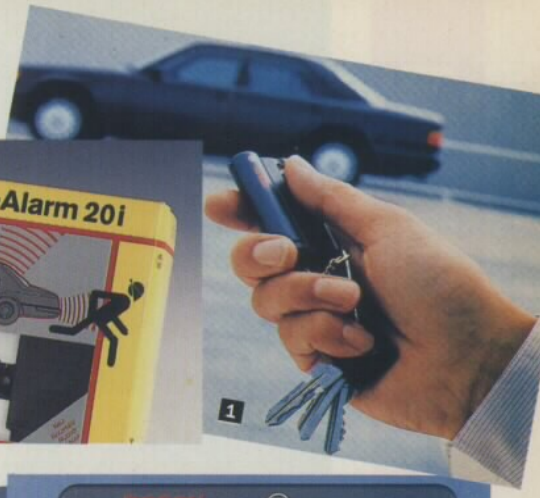
BOSCH

BOSCH

AUTO-ALARM 20

The Bosch Car Alarm 20 is available in three versions and offer:

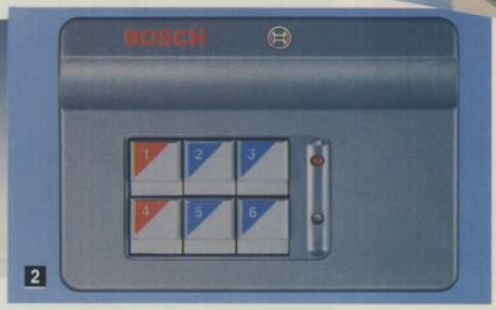
- Immobilisation when the system is activated.
- Ignition system is inhibited.
- Starter is blocked on diesel vehicles.
- Alarm is triggered for 30 second interval:
  - If doors, bonnet and boot are opened.
  - If the car radio is removed or windows broken.
  - If the controls themselves are tampered with.



1 AUTO-ALARM 20i

Installation Time: 3.5-4 hours.
This alarm is activated and switched off by infra-red remote control. More than 13,000 possible codes avoid the risk of misuse.

0986335016 OUR PRICE **£144.80**



2 AUTO-ALARM 20C

Installation Time: Approximately 3.5-4 hours.
This car alarm with computerised keypad is switched on at the push of a button and deactivated by entering a personal code which can be changed at any time. Activation is only possible when the ignition is switched off.

0986335015 OUR PRICE **£123.50**

3 AUTO-ALARM PLUS 3

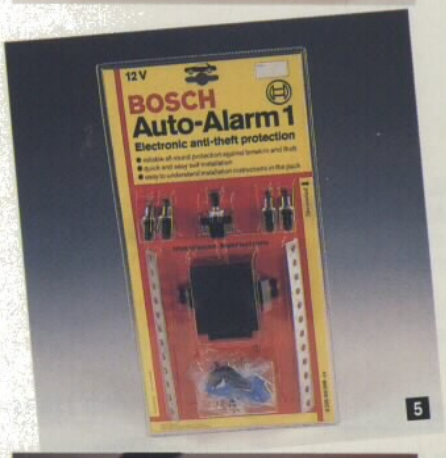
The electronic safeguard against wheel theft and towing away. The system has an electronic sensor and the microprocessor stores the position of the vehicle when the alarm is switched on. If the vehicle is moved the alarm is triggered. For use in conjunction with any Bosch '20' Alarm.

0335411903 OUR PRICE **£145.00**

4 AUTO-ALARM PLUS 4

Additional ultrasonic protection for the interior of the car. After the alarm system has been switched on, an ultrasonic field is set up within the vehicle. Any interference to this field, causes the alarm to be triggered.

0986335003 OUR PRICE **£84.40**



5 AUTO-ALARM 1

Installation Time: Approximately 1.5-2 hours.
This low cost basic system, activated by a push pull switch hidden inside the car offers five fold protection. The intermittent alarm is triggered with five second delay.

- If doors, bonnet or boot are opened.
- If the engine is jump started or an attempt is made to start the engine.
- If the car radio is removed.

The alarm should be connected to the existing horn.

0335411909 OUR PRICE **£29.40**

6 0335411904 (with horn) OUR PRICE **£36.95**

7 CONTROL LIGHT

For visible warning this control light is fitted inside the vehicle and lights up when the alarm is activated. For use in conjunction with 20i and 20C alarms.

0986335801 OUR PRICE **£5.95**

8 SIREN

Complete with built-in, rechargeable battery that automatically charges when engine is running. 120 dB.

0986335810 OUR PRICE **£59.50**

CENTRAL LOCKING MODULE

This module activates the central locking system at the same time as the alarm system. This module can be used for both electronic and pneumatic systems.

Vehicles which have no central locking motor in the driver door need to be retrofitted with a vehicle specific motor.

0335411039 OUR PRICE **£20.99**

GEMINI

Gemini was formed 15 years ago and are now established as the world's leading supplier of professional car alarms to the original equipment manufacturers. Gemini utilise only the best electronic components in the manufacture of their alarm systems.

7 RAPID 100 ALARM SYSTEM

Remote control electronic alarm with in-built 120 dB siren.

Complete with 2 metre wiring harness and one high security hand held transmitter to operate the system from up to 25 metres from the vehicle.

Protects doors/boot/bonnet and when linked to Gemini 1023/3023 ultrasonic also gives excellent internal space protection.

Compatible with all 12 volt vehicles for either voltage drop or direct switching protection.

Utilises the very latest Gemini technology as specified by many of the world's leading car manufacturers.

This unit also has the benefit of an audible "chip" when setting the alarm.

GM100 — OUR PRICE **£99.95**

8 RAPID 1023 ULTRASONIC

Quartz controlled twin head ultrasonic for internal space protection. Adjustable range 0-8 metres. Compatible with Gemini Rapid 100 alarm system.

GM1023 — OUR PRICE **£36.50**

9 RAPID 3023 ULTRASONIC

Quartz controlled 'T' piece ultrasonic for dash mounting space protection. Adjustable range 0-8 metres. Compatible with Gemini Rapid 100 alarm system.

GM3023 — OUR PRICE **£36.50**

L.C.B.

1

L.C.B.

1 PAGE ALERTER ADD-ON PERSONAL COD POCKET PAGING SYSTEN

This Page Alerter will keep yo 'in touch' with your vehicle, vit when you consider many thef of, and from, motor vehicles take place while the driver is s in the vicinity.

The tiny pager clips to a pocket and will detect a break up to 700 metres away. It emits a rapid warning bleep, and can even be wired to 'inform' you when your carphone is ringing!

Fitted in about 30 minutes by any DIY enthusiast, it comprises the pager and a control box (6 cm × 10 cm) which is mounted under the dashboard.

The Page Alerter is designed to be used in conjunction with any make of alarm system.

LCB1012 OUR PRICE **£89.95**

2

2 R6000 REMOTE ALARM

The R6000 remote siren alarm is the key element of a new vehicle security system from L.C.B. Designed in England and DTI approved, the basic system can be expanded, stage by stage. Utilising the latest surface mounted technology, for complete reliability, a simple add-on facility means you can build-up your security system to the ultimate in vehicle protection.

The alarm siren is mounted under the bonnet and a plug-in loom connects to the vehicle's door circuitry. As soon as a door is opened the alarm sounds and indicators flash, triggered by the option of voltage serving, door pin switches or add-on sensors.

The 125 decibel siren measures 14 cm long × 9 cm wide × 6 cm deep and can be turned on or off with a special key, particularly useful when the car is being serviced. The alarm comes complete with two remote control radio keys.

R6000 OUR PRICE **£115.00**

Battery Back-Up Version
R6000 OUR PRICE **£129.00**

5

PHILIPS CAR STEREO ALARM SYSTEMS

1 PH100
CAR ALARM SYSTEM WITH INTEGRATED ELECTRONIC SIREN (114 dB)
- 6/7 seconds re-entry delay (doors).
- Instant alarm if the boot or bonnet is opened.
- 40 seconds exit delay.
- 30 seconds alarm duration (auto-reset).
- Hazard warning lights flash when alarm is triggered.
- Vehicle immobilization circuit.
- Wiring harness included.
- Suitable for use with current drain and/or direct earth contact protections systems.

PH100 OUR PRICE **£59.50**

2 PH200
RADIO KEY "REMOTE CONTROL" ALARM SYSTEM WITH INTEGRATED ELECTRONIC SIREN (120 dB)
- No re-entry delay.
- 60 seconds alarm duration (auto-reset).
- Arm/disarm indicated via hazard warning lights.
- LED "alarm status" indicator.
- Hazard warning lights flash when alarm is triggered.
- Central door locking switching circuits.
- Switching circuits for electric windows and sunroof closing.
- Vehicle immobilization circuit including safety circuit.
- Emergency override key.
- Suitable for use with current drain and/or direct earth contact protection systems.
- Wiring harness included.
- DTI approved.
- Complete with 2 radio "keys".

PH200 OUR PRICE **£185.00**

3 PH110
ULTRASONIC UNIT
- Compatible with PH100 & PH200 alarm systems.
- Detects any movement inside the vehicle, including air movement resulting from glass breakage.
- Sensitivity adjuster.
- LED "alarm status" indicator.

PH110 OUR PRICE **£49.50**

ELECTRIC WINDOW CLOSING MODULE
- For use with PH200.
- Automatic closing of electric windows when alarm is set.

OUR PRICE **£29.00**

LUCAS

LUCAS LIGHTS

1 20-20 SERIES LIGHTS

The Lucas 20-20 Driving Lamps incorporate a revolutionary rustless homofocal reflector giving brilliant central intensity as well as extra light at wider angles.

The 20-20 Fog Lamp also features the homofocal reflector, this time in a form that produces a wide, flat and extremely powerful beam.

Specially treated glass lens to maintain accurate light distribution at all temperatures.

2 DX-150 SERIES LIGHTS

The DX150 is a lamp specially designed to outshine all other lamps in its class. Combining the power of an H3 Quartz Halogen bulb with the precision of a steel reflector, it provides extra penetration and improves vision, even in the worst weather conditions.

For easy fitment the 150 series has a narrow profiled steel body with an offset mounting bracket. This allows secure fixing in the most confined areas.

Fog 55W (pair)
LDB125 OUR PRICE **£23.95**

Drive 55W (pair)
LDB126 OUR PRICE **£23.95**

3 DX-95 SERIES LIGHTS

Using advanced design technology adapted to a rectangular shaped reflector has created the DX-95 fog and driving lamps. Made from DMC, the reflector is so advanced it even out-performs most other manufacturers' round lamps, giving ideal beam spread and excellent penetration in the most adverse conditions. The lamps are styled for fitting above or below the bumper and give a vehicle a sporting appearance. They are available in twin packs, with bulbs fitted, protective covers, and fitting instructions. A comprehensive fitting kit is also supplied.

LUCAS ACCESSORY INSTRUMENTATION

1 TACHOMETERS

Provides an efficient and reliable guide to obtaining maximum torque and power output from an engine.

80 mm
- Diameter: 80 mm.
- Depth: 83 mm.

Connecting leads, internal illumination, fixing strap, fitting instructions. Negative earth vehicles, 4, 6, 8 cylinder, 4-stroke petrol engines.

SIB120 OUR PRICE **£43.95**

52 mm
- Diameter: 52 mm.
- Depth: 83 mm.

Connecting leads, internal illumination, fixing strap, fitting instructions. Negative earth vehicles, 4-stroke, 4 cylinder petrol engines only.

SIB121 OUR PRICE **£39.50**

2 VOLTMETER

Indicates battery condition and possible defects in the electrical system.
- Diameter: 52 mm.
- Depth: 58 mm.

Internal illumination, fixing strap, fitting instructions. 12 volt insulated or earth return applications only.

SIB220 OUR PRICE **£16.50**

3 AMMETER

Monitors the rate of battery charge or discharge.
- Diameter: 52 mm.
- Depth: 58 mm.

Heavy duty lead with connectors, internal illumination, fixing strap, fitting instructions. 12 volt insulated or earth return systems only.

SIB320 OUR PRICE **£15.95**

4 OIL PRESSURE GAUGE (ELECTRICAL)
- Diameter: 52 mm.
- Depth: 58 mm.

Sensor unit with 1/8" NPTF thread, internal illumination, fixing strap, fitting instructions. 12 volt negative earth systems only.

SIB520 OUR PRICE **£36.95**

5 OIL PRESSURE GAUGE (MECHANICAL)
- Diameter: 52 mm.
- Depth: 65 mm.

Nylon pipeline, adaptors, internal illumination, fixing strap, fitting instructions. 12 volt positive and negative earth systems.

SIB521 OUR PRICE **£26.95**

6 OIL TEMPERATURE GAUGE (ELECTRICAL)
- Diameter: 52 mm.
- Depth: 58 mm.

Sensor unit with 1/8" NPTF thread, adaptor, internal illumination, fixing strap, fitting instructions. 12 volt negative earth systems only.

SIB420 OUR PRICE **£39.95**

7 WATER TEMPERATURE GAUGE (ELECTRICAL)
- Diameter: 52 mm.
- Depth: 58 mm.

Sensor unit with 1/8" NPTF thread, internal illumination, fixing strap, fitting instructions. 12 volt negative earth systems only.

SIB421 OUR PRICE **£21.50**

8 WATER TEMPERATURE GAUGE (MECHANICAL)
- Diameter: 52 mm.
- Depth: 65 mm.

1600 mm capillary tube/5/8" UNF male connection, internal illumination, fixing strap, fitting instructions. 12 volt negative and positive earth systems.

SIB422 OUR PRICE **£34.95**

9 DUAL GAUGE

Monitors oil pressure and water temperature.
- Diameter: 52 mm.
- Depth: 75 mm.

Oil pipeline, 1.6 metre capillary tube, adaptor, internal illumination, fixing strap, fitting instructions. 12 volt negative and positive earth systems.

SJB120 OUR PRICE **£49.50**

10 QUARTZ ANALOGUE CLOCK
- Diameter: 52 mm.
- Depth: 72 mm.

Internal illumination, fixing strap, fitting instructions. 12 volt negative earth systems only.

SJB220 OUR PRICE **£26.95**

11 AMBIENT AIR TEMPERATURE GAUGE

Registers outside air temperatures, with a red warning light signalling freezing conditions.
- Diameter: 52 mm.
- Depth: 92 mm.

Sensor unit with 1/8" NPTF thread, internal illumination, fixing strap, fitting instructions, wiring harness. 12 volt negative earth systems only.

SIB820 OUR PRICE **£43.50**

12 TURBO BOOST GAUGE (MECHANICAL)

Measures turbo boost pressure during acceleration.
- Diameter: 52 mm.
- Depth: 65 mm.

Nylon pipeline, adaptor, connectors, internal illumination, fixing strap, fitting instructions. 12 volt negative and positive earth systems only. Not suitable for diesel engines.

SERVOGLIDE XL POWERED WINDOW KIT

The comprehensive kit of parts includes fully illustrated fitting instructions to guide you through installation. Total fitting time should be less than a day.
- New Slimline Motor.
- Centre Console Switching.
- Comprehensive Parts Kit.
- Fully Illustrated Fitting Instructions.

The suitability of Servoglide for a wide range of cars has been achieved by incorporating the existing winder mechanism into the system. Lucas manufactured, it has at its heart a powerful 12v motor, slimline in design which means that it's better suited to working within the narrow confines of the modern car door and which powers through a flexible drive a low profile universal gearbox mounted on the window regulator mechanism. Should electrical power fail the regulator mechanism can be operated manually with the reserve handle provided.

Powered Window Kit for Front Doors

KC DAYLIGHTERS

Incredible power. Incredible value. The KC Daylighter range offers lamps of unparalleled power. This 150 watt light generates a massive 350,000 candlepower with a useful reflective range approaching 4 miles. KC's are available with either the traditional housing and patented vibration resistant mounting or in Budget format which employs a more basic construction in chrome finish only. Both models use identical Westinghouse optical units.

Because KC lamps were designed to use in competition they are ideal for high speed night driving anywhere. With an overall diameter of 6.25 ins, and a depth of 5 ins, the lamps are compact, which allows them to be mounted easily on most vehicles. Daylighters come complete with yellow covers which are also available separately. 150w lamps are completely legal for use on U.K. public roads but, as with any auxiliary lights, they must be wired and mounted in accordance with the law.

3 ZERO BLACK ICE DETECTOR

Black ice or freezing road conditions claim many lives every year and can also cost motorists a lot of money in accident repair bills.

ZERO ICE DETECTOR is an advanced warning device that translates air temperature to a simple display on the dashboard to warn the driver of deteriorating road conditions. At a time when in-car heating and comfort have become so effective it is difficult for the driver cocooned inside to detect whether the outside temperature is just above or just below freezing. These critical few degrees can make all the difference between an innocuous patch of moisture on the road or a deadly stretch of black ice.

ZERO comes complete with easy to follow fitting instructions and is simply installed in any type of vehicle.

CC8914 R.R.P. £57.44
OUR PRICE **£49.00**

4 AIR HORNS

5 TONE MUSICAL AIR HORNS

Comprised of one air compressor and five straight horns, as shown. Ideal for installation on publicity cars and other special vehicles.

Philips Car Stereo

1 2 DC 984 R

- CD combination.
- 100W output power.
- FTS memory.
- Next/previous/scan/compressor.
- FM, MW, LW, SW/autostore.
- RDS (Radio Data System).
- Antenna diversity.
- Audio super control.
- Infra-red remote control.
- 4-channel line-out.
- Traffic info decoder.

FIRST ON THE ROAD

This sophisticated, high-performance CD combination is the first in the High End Modular System series.

Due to the advanced technology and high power output, Philips have designed a two-box system for this CD combination. The CD unit with front control panel for the whole system is mounted in the dashboard. The amplifier and 4-band tuner are located in a second unit – the 'black-box'. This can be placed in the boot.

HIGH POWER AMPLIFIER WITH ASC

The DC 984 offers 4 × 25 W low distortion output. The system can be upgraded using a 4-channel line-out which is backed up by MPX filters and the famous Philips common mode circuitry.

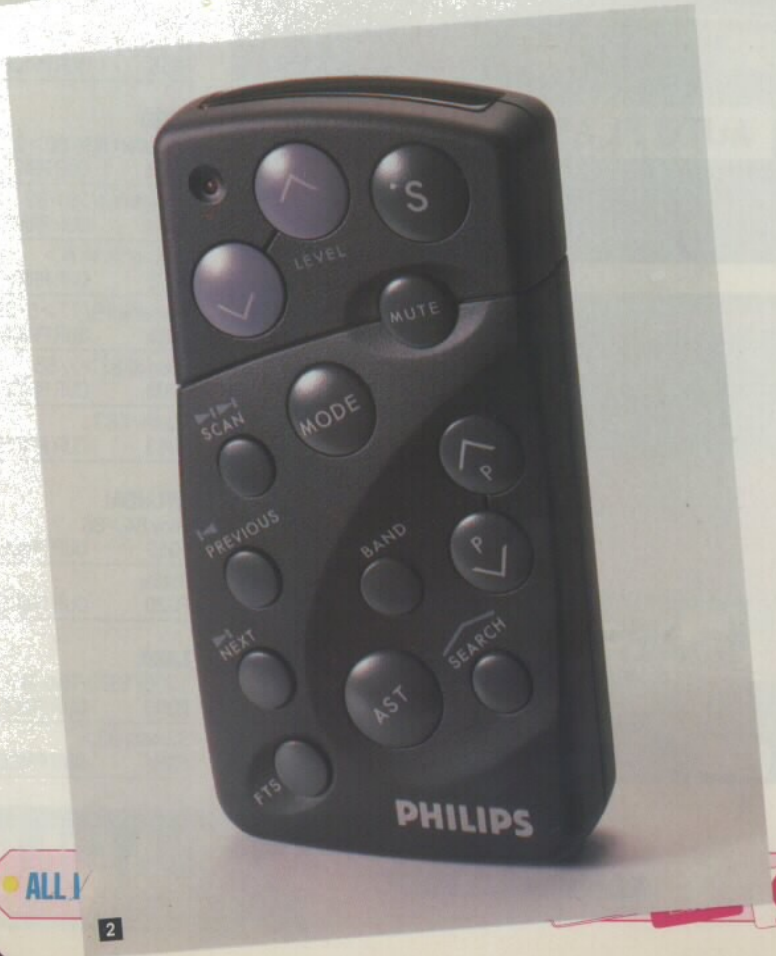
The audio super control allows easy operation of all the main audio functions.

ANTI-THEFT

Theft prevention is a principal advantage of the split radio system. The thief is deterred as there is little point in stealing the CD unit without the corresponding electronics.

As a fail-safe security measure, the CD comes with a retractable unit for removal when you leave the car.

1



2

RADIO DATA SYSTEM

RDS indicates radio stations by name to make identification easier. RDS programme service names are shown on the 8-character alphanumeric display. The RDS decoder continually checks alternative frequencies and automatically retunes to maintain the best possible reception.

ANTENNA DIVERSITY: QUADUO

This system overcomes disturbances from multipath distortion. Using two antennae, four different signals are electronically monitored at once. The best signal is selected and disturbances are effectively suppressed. Perfect FM reception is guaranteed even in the most unfavourable conditions.

REMOTE CONTROL

For your convenience the unit comes with an ergonomically-designed infra-red remote control.

With 14 push buttons and a 'confirmation LED' you can control all the primary radio, CD and audio functions. And all with one hand.

3 DC 682 R

- Digital tuner/cassette combination.
- High power 40W.
- Radio Data System (RDS).
- Autostore.
- Autoreverse.
- MSS.
- Dolby B.
- Audio super control.
- Stereo amplifier with line-out.
- Security code.
- Retractable unit (quick-out).

With the DC 682, your car audio system takes on more intelligence than ever. This impressive combination represents new dimensions in design and convenience.

RADIO DATA SYSTEM

The RDS decoder has a number of functions. First it decodes and displays the programme service name of the selected RDS station. Then it continually checks alternative frequencies and automatically re-turnes to maintain the best possible reception.

RDS recognizes traffic info stations and if programmed by you, overrides other operating modes (cassette playback, audio mute) to present traffic announcements.

POWER AMPLIFIER WITH AUDIO SUPER CONTROL

The DC 682 offers 2 × 20W/4 × 7W low distortion output with extended frequency response as well as line-out.

The audio super control is a precision 45 step rotary commutator with audio function selector key for digital adjustment and memorizing of volume, balance, fader, treble and bass. It provides separate memories for FM, AM and cassette playback. In addition, driver distraction is prevented by a low preset volume level.

CASSETTE DECK

This top-class cassette deck features autoreverse, MSS (Music Sensor System). Dolby B, standby, fast forward and rewind, autoplay, auto-replay and tape equalization all designed to ensure convenient listening pleasure.

DC682R OUR PRICE **£399.00**

OPTIONAL POWER RETRAC SYSTEM

4 DC 681 R

- Digital tuner/cassette combination.
- 40W output.
- Autostore.
- Autoreverse.
- MSS.
- Dolby B.
- Line-out.
- Security code.
- Retractable (quick-out) unit.

HIGH POWER AMPLIFIER

The DC 681 R's high power, low distortion, stereo amplifier offers 2 × 20W or 4 × 7W. Electronic audio control is simple using the audio super control. This large rotating commutator is for volume as well as temporarily for balance, fader, treble and bass. These last four audio functions have their own separate soft-touch keys for activating the commutator with their respective functions.

INTELLIGENT TUNING

In the tuning section, intelligence and convenience go hand-in-hand. The PLL Quartz synthesis digital tuner is microprocessor controlled for precise operation, and offers autostore for automatic tuning and storage of the 5 strongest available stations of FM and MW. An electronic memory stores an additional 20 stations (5 each on FM1, FM2, MW and LW). The DC 681 R offers automatic 3-level search tuning in both directions on all wavebands.

COMPUTER-CONTROLLED CASSETTE DECK

The micro-computer controlled autoreverse stereo cassette deck features lockable fast forward and rewind. MSS (Music Sensor System) with repeat and skip facilities. Dolby noise reduction, autoplay, auto-replay and autostop.

Tape direction is indicated on the LCD. A manual reverse key allows you to swiftly alter the tape direction. During fast wind radio reception is still provided.

TWO-WAY COMPONENT SPEAKER SYSTEMS

A further step towards perfect stereo impression is Philips PRO MK II series two-way component speaker systems. These have the high-frequency tweeters completely separate from the bass/mid-range speakers. Since they are physically independent from each other, they can be mounted accordingly, enabling you to achieve the ideal arrangement for your own car interior. The smaller tweeters can often be positioned high in the car, approximately at ear level, above the dash or on the rear shelf. The woofers can be positioned almost anywhere lower. The range offers a choice of three woofer/tweeter combinations, varying sizes and power handling capacities.

6 PRO 602 MK II

2-way component system, 165 mm woofer with polyurethane membrane and 18 mm tweeter with Ferro Fluid Cooling. Max. power 100W. Frequency response 20-22,000 Hz. Sensitivity 90 dB/W/m. Mounting depth 59.5 mm.

SNOOPER SRD RADAR DETECTORS

ONLY YOU KNOW HOW IMPORTANT YOUR LICENCE IS TO YOU!

The Snooper Range of Radar Detectors has been developed to help the modern driver maintain a higher level of driving safety. Their design and build quality ensure that the user is provided with the most advanced protection available today. These fourth generation instruments have all the benefits of nearly 20 years experience in manufacturing detectors that are both accurate and reliable. The complete range is built around the very latest electronic components combining leading edge technology with rugged construction to ensure trouble free use under all conditions.

1 SRD500

Combining all of the exceptional features of the SRD370 with discreet installation, the Snooper SRD500 Remote provides the discerning driver with a warning system ideal for the majority of vehicles on today's roads. The remote unit is small enough to be mounted in the most convenient position yet still features an LED range finder, city filtering system and adjustable volume control. The detector unit is based on the latest microchip technology using an advanced digital signal processing technique that receives then amplifies signals for easier, faster detection. This module is hermetically sealed against the weather and is designed to withstand vibration and shock loads. The SRD500 Remote comes complete with a comprehensive installation kit with full instructions and is backed by our normal warranty.

SRD500 OUR PRICE **£299.95**

2 SRD370

Designed for the demanding motorist the Snooper SRD370 is a true state of the art radar detector. Its exceptional range (over 2 miles) maintained through the use of advanced electronics provides the driver with the ultimate protection for today's difficult driving conditions. The SRD370 incorporates a set of sophisticated filters which ensures that the detector is sensitive to radar signals whilst having a low susceptibility to other transmissions. The integrated range finder helps pinpoint radar sources whilst adequate warning is given through visual and adjustable audible controls. Easy fitment and removal features allow the unit to be stored for added security. Manufactured and tested in accordance with strict quality control and reliability standards, the SRD370 provides absolute peace of mind for the serious driver.

SRD370 OUR PRICE **£199.95**

3 SRD360

The Snooper SRD360 combines the latest solid state electronics in a compact design to form one of the most reliable radar detectors available today. Based on the extremely successful 'long range Super Snooper' this budget priced instrument is ideal for both city and highway driving. The SRD360 has a maximum range of around 1 mile, plus 'over the hill' and 'around the curve' capabilities. Both visual and audible warning systems are incorporated together with an LED rangefinder to pinpoint the radar source. The unit is easily fitted to either dash or visor and plugs directly into the cigar lighter. Backed by a full 12 MONTHS WARRANTY the SRD360 provides excellent protection at a reasonable price.

1 2

3 BOSCH SPOILER WIPER BLADES

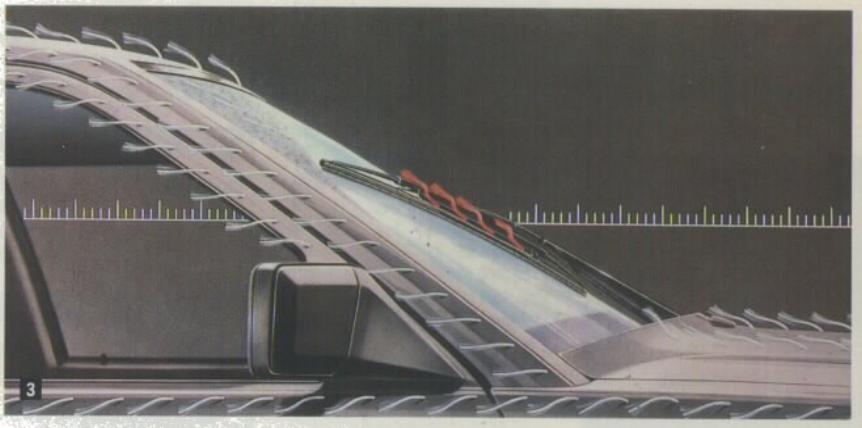
The new wiper blade in aerodynamic form from Bosch. Bosch Spoiler – wind tunnel developed and tested.

Bosch Spoiler – clear vision even in the strongest of headwinds.

The aerodynamically shaped 'spoiler' is mounted on the wiper blade frame ensuring the best visibility possible even in the most extreme conditions. As air currents and headwinds increase, the spoiler automatically increases the pressure of the blade on the windscreen, combined with the renowned Bosch Micro-Double Edge, the result is optimum down force at all speeds which means no lift-off, no flutter, and smear free clear vision, no matter how strong the headwind.

Available for ALFA-ROMEO, AUDI, BMW, FIAT, FORD, HONDA, LEYLAND, MAZDA, NISSAN, OPEL, PEUGEOT, PORSCHE, VAUXHALL, VOLKSWAGEN and VOLVO. Please state make, model and year of car when ordering.

BS8901 (each) OUR PRICE **£7.95**



3

4 BOSCH 'TOP' WIPER BLADES

A wiper blade should remain in full contact with the windscreen at all times to ensure perfect vision and safety.

To meet these requirements Bosch, Europe's largest wiper blade manufacturer, designed a technically superior Wiper Blade. Instead of a single edge, Bosch blades have a unique micro double edge with a contact width of only 10/1000 mm. This design, subjected to 30 different tests, ensures that Bosch wiper blades work equally as well coping with a fine drizzle or a torrential downpour.

BS8902 (each) OUR PRICE **£5.95**

Please state make, model and year of car when ordering.

5 BOSCH PLATINUM SPARK PLUGS

The Bosch Platinum centre electrode of 99.9% pure platinum, combined with a new manufacturing process of sintering the electrode into the insulator, means:

Maintenance free – after being 'gapped' and installed, checking and regapping becomes obsolete.

Maximum fuel economy – Bosch Platinum reaches working temperature quicker.

Improved starting – because the insulator nose is taken further into the engine.

Greater flexibility – to combat misfiring in slow moving traffic.

Improved exhaust emissions – for a healthier environment.

Available for all cars. Please state make, model and year of car when ordering.

BS8903 (each) OUR PRICE **£2.50**

6

6 BOSCH COMPRESSOR FANFARE AIR HORNS

Vigorous two-tone signal with maintenance-free compressor. Trumpets made of weatherproof red plastic. Includes relay, hose fittings, screws etc. Comprehensive fitting instructions. 12 volt only.

0328003024 OUR PRICE **£36.80**

9.00 a.m. to 5.30 p.m., Saturday

24 HOUR ORDERING ... (0582) 471700

Outside office hours you can place an order on our 24 Hour Ansaphone Line (0582) 471700.

Please give the following information after the tone:

1. Name.
2. Address.
3. Telephone Number.
4. Credit Card Number.
5. Items ordered include Cat. No. and where applicable, size or colour.
6. Make, model, and year of car.

Our machine can take any length of message, so there is no need to rush your order. Your order will be despatched in the normal way.

BY POST

Send your completed order form together with payment to:

Carnoisseur (Retail) Ltd.
FREEPOST LOL1935,
Dunstable,
Bedfordshire LU6 3YY.

Please make cheques/P.O.'s payable to Carnoisseur (Retail) Ltd.

IF YOU HAVE NO ORDER FORM

When an Order Form is not being used, please be sure to give the following in block capitals:

a) Name and Full Address.
b) Telephone Number if possible.
c) Items required, including Cat. No. and where applicable, size or colour.
d) Make, model and year of car.
e) Method and details of payment.

OUR POLICY

SATISFACTION GUARANTEED

We want you to be pleased with all goods bought from Carnoisseur. Your guarantee of satisfaction is that any item supplied by us that does not meet with your approval may be returned within fourteen days for either exchange or a full refund.

DESPATCH

Most orders are processed the day they are received and despatched within 48 hours. You will be notified if your order or part of your order is subject to unusual delay.

PRICES

In the past years most of our printed prices have been maintained for a full twelve months after publication of the Carnoisseur catalogue.

Occasionally, however, cost changes are inevitable due to inflation and exchange rate fluctuations on imported goods. We therefore reserve the right to change prices without notice.

ORDER QUERIES

Please first check for our comments on all documents enclosed with your order. A quick telephone call to (0582) 471700 will in most cases be the simplest and most efficient way of answering any queries that may arise from your order. Please have ready the sales invoice supplied with the goods and ask for the Customer Service Manager whose first responsibilities are to look after you.

BACK ORDER/CREDITS

We endeavour to hold good stocks of most listed items at all times. If for some reason we are unable to supply a particular item with your order we may
a) back order that item and send it on as soon as it is available or
b) if long delays are expected, cancel this part of your order and refund you or notify you that your account is in credit; you may choose to ask for a refund or use the credit as part payment for your next order.

VAT

All goods are priced including VAT at 15%. If the rate of VAT changes, obviously our prices will change accordingly. Please remember our prices include VAT when comparing prices.

LET US KNOW

If any aspect of our service has not met with your approval, we are anxious to know about it. Write to Philip Hammond, Managing Director, and your letter will receive prompt personal attention.
